

Exceptional Results for Booroomooka Angus at the World Angus Forum

With 64 teams entered, by leading Angus herds from all over Australia, competition in the TEYS ANGUS SHOOT OUT was fierce. The cattle, inducted into the Teys' Jindalee Feedlot, were judged on weight and dentition, average daily weight gain, health performance, carcase weight, lean meat yield, Aus-Meat marble score and eating quality through the MSA index.

When the results were announced, it was the Munro Family, who were the big winners on the night. Booroomooka Angus took out the major Overall Champion award with a team from their Glenroy property;

1st in the Overall Team Performance, winning a Cattle Crush, generously donated by Arrowquip.

2nd in the Carcase Team Performance.

Booroomooka's Hugh & Juliet Munro, Glenroy, Bingara, receive congratulations from Teys Grant Garey & Shane Bullock

Results were also impressive for the Booroomooka team entered from the Keera property, placing;

1st in the Feedlot Team Performance

2nd in the Overall Team Performance

The remarkable results continued in other Angus Forum competitions.

In the senior female class, Booroomooka Angus ranked 1st in the team EBV profile.

In the Junior Pen of 3 Bulls competition, an event that combined EBV profile, phenotype assessment and group consistency saw the Booroomooka Angus team placed;

3rd in the Overall Team Competition.

The Elite Angus Female Sale featured Lot 8, with the successful bidder, Tapa Pty Ltd, buying Booroomooka Teora U836, for \$34,000.

The World Angus Forum shone a spotlight on Angus genetics and innovation bringing together an international audience of Angus cattle breeders, enthusiasts, and industry professionals. The Angus Expo featured the largest display of Angus cattle in the Southern Hemisphere, at AELEC, Tamworth.

The World Angus Forum was such a fantastic event bringing the world Angus family together, celebrating our success and looking to future opportunities.
